Matthew Angel

Web Developer

For the past three years I have been involved in various projects that involve web development, artist management, and music production. As I continue to navigate through my career and teach myself new technologies, I yearn to become a member of a team that can benefit from my skillset and assist me in continuing to build on my knowledge.

WORK EXPERIENCE

Front End Developer
eMed Digital Healthcare

08/2021 - Present   *Miami, Fl*

eMed is democratizing healthcare with a digital point-of-care platform that provides fast, easy and affordable at-home healthcare testing.

Achievements/Tasks

- Collaborated with Designers to turn mockups/wireframes into fully functioning web pages.
- Successfully coded a full website overhaul for emed.com that has over a million visitors a month(new header, footer, overall contents on all web pages.
- Built landing pages for clients using Hubspot modules consisting of HTML, CSS and Javascript.
- Built databases within the Hubspot platform and used javascript and HubL (Hubspot syntax) to request the data and render it on different web pages.
- Fixed bugs from existing webpages to enhance the overall user experience.

SKILLS

JavaScript · React.js · Node.js · Php · Express.js · MongoDB · HTML · CSS · jQuery · Axios · Bootstrap · Responsive Design
